Life Skills

Education and counseling for survivors are offered one-on-one and in workshops. Topics covered encourage independence and achievement of personal goals in the following areas: Economic Empowerment, Employment/Job Readiness, Education, Health and Wellness, and Civic Participation.

Community Education

Sojourner Family Peace Center has speakers available to travel to schools, businesses, the interfaith community and other organizations to increase awareness and understanding of family violence issues impacting children, teens and adults.

Beyond Abuse

The Beyond Abuse program helps participants learn to eliminate abusive and controlling behaviors from their relationships; thus contributing to ending the cycle of domestic violence. Through our groups, participants learn alternative, healthy, non-abusive ways to deal with their emotions. We offer groups in Spanish and English for men and women, and groups for young men ages 17-19.
